Each student candidate will be placed in the appropriate year of the course of study by action of this Board.

The Responsibilities of the Ministerial Credentials Board:

The Interview Format of the Ministerial Credentials Board:

The Ministerial Credentials Board interviews ministerial candidates with an outlined approach to address critical issues relative to the course of study placement of a candidate in a given year., with attention given to the critical areas of ministerial abilities, including: Content, Competency, Character, and Context. According to the interview guidelines, each year includes a review question related to four of the Articles of Faith of the Church of the Nazarene. The guidelines are designed so that over the four years or more of a candidate's course of study, all 16 Articles of Faith will be reviewed in the interview setting.

The appropriate year of assigned Articles is determined by the corresponding number of years in which the student has met with the Ministerial Credentials Board. This may or may not be the same as the designated Course of Study year for each student identified by the Ministerial Studies Board.

In the event that a student candidate has transferred from another District, the Ministerial Credentials Board may, at their discretion, review any Articles of Faith not previously addressed by the Sacramento District with the student candidate
